Administering the 2021-22 NYS-MEP Early Childhood Academic Tool (ECA) Guidance Document

PREFACE

The NYS-MEP is committed to the education of migratory preschool students as identified during the Comprehensive Needs Assessment (CNA) and Service Delivery Plan (SDP) process.

The NYS-MEP Early Childhood program is guided by:

- The State and federal requirements under the Elementary and Secondary Education Act of 1965 (ESEA), as amended by the Every Student Succeeds Act of 2016 (ESSA), Title I, Part C legislation and Non-Regulatory Guidance;
- The Theory of Action (ToA) developed by the New York State Migrant Education Program;
- The NYS-MEP Service Delivery Plan; and
- The ongoing input and feedback from the parents and other persons in parental relation to the students of children who qualify for migrant programs and support services.

The NYS-MEP and local METS actively refer preschoolers to community preschool programs where the students can benefit from the full range of classroom experiences that enhance and support their academic, physical, as well as social and emotional development. Often the migrant lifestyle creates barriers that prevent migratory preschoolers from participating in the community preschool programs. To the extent practicable and where local capacity allows, the NYS-MEP supplements this gap in preschool education by providing weekly tutoring sessions in the family’s home and in other settings. The NYS-MEP ECA was developed as a guide for staff to use during these in-person or virtual tutoring sessions.

Early Childhood Implementation Indicator and Measurable Program Outcome

<table>
<thead>
<tr>
<th>Implementation Indicator</th>
<th>Each year beginning in fall 2019, 70% of Level 2 migrant preschool children ages P3-P5 determined be candidates for instructional services will participate in 12 or more hours of instructional services within each program year.</th>
</tr>
</thead>
<tbody>
<tr>
<td>Measurable Program Outcome</td>
<td>70% of Level 2 migrant preschool children ages P3-P5 who participate in 12 or more hours of instructional services will demonstrate pre-post gains of 10% on the NYS MEP Early Childhood Assessment.</td>
</tr>

**PREPARATION: WHAT YOU NEED TO KNOW BEFORE ADMINISTERING THE ECA**

*Administer the ECA In Person or Virtually.* Anticipating the need to be flexible in program year 2021-22, the NYS-MEP will use the “virtual” design from 2020-21, whether administering the ECA in person or virtually.

*Candidates for the ECA* are those Preschool students ages (P3-P5) who are identified for Level 2 instruction.

*New Supplemental Codes to Use for Preschool.* Starting September 1, 2021, record all instructional time and time spent administering the ECA with the Supplemental Codes as **ELA or Mathematics or ENL**.

**Props Needed to Assist Administration**

When administering the ECA virtually, Migrant Educators will need to have a conversation with the parent or care giver beforehand to discuss the delivery of supplies for the student to use.

*Suggested planning for Student Packets*

- Copying the color and shape cards on cardstock will make them easier for students to pick up.
  - *Note:* laminated cards are harder for students to pick up. For educators, laminated cards can create a reflection or shine on camera that makes it harder for the student to see the object.
- Students need a blank piece of paper and a large crayon or jumbo pencil to write their name.
- Virtual Options:
  - Provide a self-addressed, stamped envelope for parent to mail the writing sample.
  - Parent can take a picture of writing sample to send.

**Student Props:**

1. Picture labels to help parents recognize the supplies you will ask the student to have.
   - *Picture Labels page 41,* “Labels for Student Props to Deliver/Mail to Family”
2. Colors for matching, one of each color: Red, Blue, Yellow, Green
   - *Color Cards pages 27-31: Color stars provided in this document, but you can use alternative manipulatives for these colors.*
3. Shapes for matching, one of each color: Circle, Square, Rectangle, Triangle
   - *Shape Cards, page 33-35:* Shape cards provided in this document, but you can use alternative manipulatives for these shapes.
4. Paper and large crayon (or jumbo pencil) for writing name.
5. Virtual Options: Self-addressed, stamped envelope for parent to mail the writing sample; or ask parent to take a picture of the writing and send in a text. Use whichever method seems to work best for each family.

**Migrant Educator Props:**

1. Puppets and manipulatives
   - *Paper puppets and manipulatives included.* This document has paper graphics to show students
     - *Pages 23-25.* Puppets. A choice of an alligator, or soccer player puppets is provided in this document to use with answering Personal Data questions and naming (4) Body Parts.
       - Tape to a tongue depressor to use.
     - *Pages 27-31.* Color Star cards for matching and naming four colors: Red, Blue, Yellow, and Green. *Blank stars* provided for Migrant Educator to color as an alternative.
     - *Pages 33-35.* Shape cards (or manipulatives used with students) for matching and naming the four shapes: Circle, Square, Rectangle, and Triangle.
     - *Pages 37-39.* Number Cards – 1, 2, 3, 4.
   - *When real puppets and/or manipulatives are available,* these can be used with students instead of the paper versions.

2. Paper and large crayon (or jumbo pencil) for writing name.

**Review and Practice before Administering the ECA**

**Number of Assessed Skills/Data Points:** For virtual use, the 2021-22 NYS-MEP ECA has 41 assessed skills. This does not need an Interpretation score to balance the weighting of each area.

**Directions and questions for administration:** Refer to the *Administration Guidelines and Scoring Criteria*, starting on page 7 below, for assessment questions and criteria for scoring student responses.

**Suggested Grouping for the Questions:** You will probably need to “chunk” the ECA across multiple sessions, whether administering in person or virtually. The *Administration Guidelines (Pages 7-19) and Student Response Sheets (Page 21-22)* are organized to take advantage of when the students do or do not need to use one of their testing props.
Reminder: Assessing not teaching

- When asking the student questions, refrain from emphasizing correct answers with your voice or gestures.
- Plan to give the same response, with a smile, whether the student has a correct response or not.
- If a student does not respond, you can ask a second time. Some guidelines suggest another way to ask.
- Move on whether the student’s response is correct or incorrect. You will be able to teach and practice skills during your lessons.

Turn the Assessment Questions into a Game for Students

Puppet Play

- Students do not need any supplies, Migrant Educator can use a puppet or doll to ask the questions.
- Assessment Areas: Area A: Personal Data questions and Area G: Naming Body Parts.

Matching “Games” – Colors and Shapes

- Student and Migrant Educator each need (4) colors and (4) shapes. Using the cards provided at the end of this document, or METS can use alternative manipulatives.
- Assessment Areas: The matching half of Area D: Colors and Area F: Shapes.

Counting Games

- Students do not need any supplies, but Migrant Educator needs number cards.
- Assessment Area: Area E: Counting has two sections: Rote Counting and Naming Numbers (1 – 4).

Writing First Name

- Students need paper and a large crayon or a jumbo pencil, and either a self-addressed, stamped envelope for the family to mail the writing sample back, or a plan for the family to take a picture and text a copy of the writing sample back.
- Assessment Area: Area I: Emergent Writing.

Naming Colors and Shapes

- Students do not need any supplies. Migrant Educators need the color and shape cards.
- Assessment Areas: The naming half of Area D: Colors and Area F: Shapes.
Recording Assessment Time and Results

Record Student Responses with the New York State Migrant Education Program Early Childhood Academic Tool: Student Response Sheet. (See page 21 for English and page 22 for Spanish.

- **Mark correct Responses**
  - **Pretest: Circle** the correct number or word for correct student responses
  - **Posttest: Underline** the correct number or word for correct student responses
  - Each skill circled or underlined is worth 1 point. Total points earned for the Total Raw Score.

- **Re-ask; re-assess all questions on the posttest.**
  - Children with the correct response on the pretest might not on the posttest, if they haven’t been using the vocabulary or concept recently.

**WebApp.** Record all assessment time with preschooler with either ELA or Math or ENL, instead of Early Childhood Instruction.

**MIS2000.** Data Specialists need a copy of the Student Response Sheet in order to record the total Raw Score for the Pretest and Posttest on MIS2000.

- **Note:** This assessment does **not** have an additional interpretation rubric or score to record.

| **Note:** If child gave a correct first name, but did not add the last name as part of the response to item **A-1**, then ask for the last name: | **Say,** “(Repeat child’s first name) is a nice name. What is your last name?” “(Repeat child’s first name) es un nombre bonito. ¿Cuál es tu apellido?” | **the one on the record, check with the parent and the METS office. The child *may have* a different last name and, therefore, the response *might* be correct.**  
**No credit** if there is noticeable parent assistance during administration **or if:**  
a. No verbal response  
b. Incorrect name  
**Give credit for:** *(Responses can be in English or home language.)*  
a. Correct age, verbal response  
b. Correct age, non-verbal response, i.e. child holds up correct number of fingers.  
**No credit** if there is noticeable parent assistance during administration **or if:**  
a. No response, verbal or non-verbal  
b. Incorrect age whether verbal or non-verbal |
| **For all questions:** Repeat the question for students who do not respond at first. | | |
Area G- Body Parts

Note: Pat a body part on the puppet.

Say, “What is this?” “¿Qué es esto?”

Note: Ask a second time if necessary. Say, “Can you tell me what this is called? “¿Me puedes decir cómo se llama esto?”

FYI: For some young children, pointing to a person or animal indicates the idea of “me” or “you” or the name, such as “alligator.” Especially when pointing to the head or nose.

Whereas patting the body part can help the child separate the body part from the person.

Repeat for each body part.
1. Head/Cabeza
2. Legs/Piernas
3. Arms/Brazos
4. Nose/ Nariz

Give credit for: (Responses can be in English and/or home language.)

a. Correct naming of body parts. Exception: Accept “Mouth” for “Nose” if using the alligator puppet.

No credit if there is noticeable parent assistance during administration or if:

a. No verbal response
b. Incorrect naming of body parts
c. Uses the same word for more than one body parts.

</tr>
</thead>
</table>
| 1 – 1, 2, 3, 4 | **Note:** Students have one task – to write their name.  
**Say,** “Please write your name on the paper.” “Por favor escribe tu nombre en el papel.”  
**Note:** If the child is hesitant say, “Write as much of your name as you can.” “Escribe lo más que puedas de tu nombre.”  
**Note:** Check in when it seems the student is finished.  
**Say,** “Are you done writing?” “¿Terminaste de escribir?”  
**Note:** Keep the child’s handwriting sample to score later and to have as a comparison.  
**Virtual Note:** Ask the parent/caregiver to take a picture to text to you.  
For example, **Say,** “[name] Can you take a picture of the paper with [child’s] writing on it and send the picture me?” “[nombre] ¿Puedes tomar una foto del papel con el nombre escrito de [niño] en el sobre y enviarme la foto?” | **Scoring Note:** When the child writes their name, you have four criteria to look for and award points for. One challenge is that the child who is writing letters, isn’t scribbling any more.  
**Give credit for:**  
**Score 1 point if the child Scribbles**  
a. Child takes the crayon or pencil and moves it along the paper.  
**Score 2 points if the child Attempts writing some Letters**  
a. Child writes individual representations for some of the letters in the name.  
**Scoring Note:** The child earns 1 point for attempting to write some letters, plus 1 point credit for having advance past scribbling.  
**Score 3 points if child Writes Letters**  
a. Child writes one or more definite letters but does not complete all of the letters of name, or the letters are not in sequence. (Reversals are acceptable)  
**Scoring Note:** The child earns 1 point for writing 1 or more letters, plus 2 points credit for having advanced past scribbling and attempting to writing letters. |
**For example, mailing:**

**Virtual Note:** If you gave the family a self-addressed, stamped envelope, you can ask them to send the writing sample to you.

For example:

**Say,** “[name] Do you have the mailing envelope with [my] address and the stamp on it?” **“[nombre] ¿Tienes el sobre con [mi] dirección y la estampilla?”**

Can you put the paper with (use child’s name) writing in it and put in the mail for me?” **“¿Puedes poner el papel con el nombre escrito de (use el nombre del niño) en el sobre y ponerlo en el correo por mí?:**

**Score 4 points (full credit) if child Writes Name (or first 5 letters) in sequence**

a. Child correctly writes all the letters of name, in sequence. **Note:** When the student’s name is longer than 5 letters, award the point if the student writes the first 5 letters of name, in sequence, even if the rest of the name is not correct.

Scoring Note: The child earns 1 point for correctly writing their name (or the first 5 letters of name) in sequence, plus receives 3 points credit for having advanced past scribbling, attempting letters, and writing some letters in name.

**No credit** if there is noticeable parent assistance during administration or if:

a. No attempt to scribble or write anything

**What if...?**

What if the child writes all of the letters (or the first five) in the name, but does not write all of the letters *in sequence*?

- In this case, the students 3 points for Writing Letters.
