Science Laboratory Requirement

In order to qualify to take a Regents examination in any of the sciences, a student must complete 1,200 minutes of laboratory experience which may be met through **any combination of hands-on and simulated laboratory experience** with satisfactory documented laboratory reports. Appeals, Safety Nets, and Superintendent Determination

Appeal Eligibility Criteria

Students seeking an appeal must meet the following criteria:

	Have taken the Regents examination under appeal at least two times
	Have at least one score on the Regents examination under appeal within the point range appropriate for the appeal: <ul style="list-style-type: none">• All student appeal → 60-64• Students with disabilities seeking the local diploma → 52-54• English language learners seeking appeals in ELA only → 55-59*
	Have taken advantage of academic help provided by the school in the subject tested by the Regents examination under appeal
	Have passed the course for which the appeal is being sought
	Be recommended for an exemption to the graduation requirement by the student's teacher or Department chairperson in the subject of the Regents examination under appeal

Diplomas via Appeal for All Students

Regents Diploma via Appeal for All Students

Local Diploma via Appeal for All Students

- ✓ Meets credit requirements
- ✓ Meets assessment requirements using **two** successfully **appealed Regents exam scores** no more than 5 points below passing (**60-64**)

Local Diploma via Appeal for ELLs

Local Diploma via Appeal for English Language Learners

Safety Net Options for Students with Disabilities

Local Diploma via Low Pass Safety Net

- ✓ Meets credit requirements
- ✓ Meets assessment requirements for a local diploma by achieving a score between **55** and 64 on one or more of the required Regents exams
- ✓ *May also **appeal** up to two Regents exam scores between **52-54***

Local Diploma via Compensatory Safety Net

- ✓ Meets credit requirements
- ✓ Meets assessment requirements for a local diploma by compensating Regents exam scores between 45-54 (on any required Regents exam except for ELA and math) with a score of 65 or higher on another required Regents exam

Safety Nets apply to:

- Students with disabilities with a current IEP
- Students with a Section 504 plan, if documented on the plan
- Students declassified from special education in grades 8-12, if recommended by the CSE

Applying the Compensatory Safety Net

Two Questions:

Are the student's ELA and Mathematics Regents Examination scores at 55 or above (or did the student successfully appeal scores in the 52-54 range)?

For every required Regents Examination score between 45 and 54, is there a compensating score of 65 or above?

If the answer to BOTH above questions is yes, then the student has met the assessment requirements for a local diploma.

Special Appeals

Special Appeal Eligibility Criteria

Any student who meets the following eligibility conditions may appeal to earn a diploma with a lower score on a Regents exam. These conditions are specific to the special appeal.

Regents examination taken:

- June 2022,
- August 2022,
- January 2023,
- June 2023, or
- August 2023

Earned a score of **50-64** on the Regents examination that is the subject of the appeal and was taken during one of the above administrations

Passed the course for which the appeal is being sought *

* When making a determination as to whether a student is eligible to apply for a Special Appeal, the grade earned on the Regents examination is not included in the calculation of the course average.

What Makes the Special Appeal *Special*?

Students do not need to take the exam under special appeal twice.

Students do not need to have participated in additional academic assistance provided by the school.

Special appeals may be applied to any diploma type.

Special appeals do not count towards the maximum number of appeals that can be applied to the local or Regents diplomas.
