

# Supporting Students & Parents Using Google Classroom

**January 28, 2021**

# Today's Objectives

- **What is Google Classroom?**
- **How can Parents and Migrant Educators understand what is happening in students' Google Classroom(s)?**
- **How can we as Educators and Parents help ensure that homework is being turned in via Google Classroom?**

# What is Google Classroom - <https://www.youtube.com/watch?v=lgS-hoSljnw>

- A digital classroom platform where teachers can post links, announcements, assignments, & other resources
- Set up is a little different for each teacher, but the major features are the same
- How to sign up/join classes
- To do list: missing tab & done tab for all classes/assignments
- Settings - students can turn on/modify their own email notifications
- Calendar - shows all of a student's assignments from all of their Google Classrooms
- Assignment overview - viewing & how to turn in various assignment types
- Guardian notifications - teacher can add parent's email to participate in guardian summaries

# Accessing Google Classroom

Teachers can invite **students** by:

1. email
2. a join code
3. a link to the Google Classroom

We will practice this together a little later on!

For detailed step by step instructions:

## Parents

- Google recommends that teachers invite parents to sign up for guardian summaries via email.
- Guardian Summaries are in English only at this time.
- Guardian Summaries show work that is coming due, late, and other class announcements.
- A parent needs an email address to receive a guardian summaries. It does not need to be gmail specifically.

# Request to Teacher

- At the right is a teacher view of how to invite parents to receive guardian summaries.
- A teacher or school administrator can invite a guardian to receive email summaries about their student's work in class.
- Email summaries do not include grades.

Next to a student's name, click **Invite guardians**.
