

I Spy Circles

Grab and Go Directions

Supplies

- Scissors
- The *I Spy Circles* handouts
(Attached below in English and Spanish)

Suggestions

- Use the Circle Vocabulary page to discuss what circles look like.
 - Round, small, large
- Cut out the Circle Magnifying Glass
 - Look through the Circle Magnifying Glass to find things that are shaped like a circle.
 - You can start with the pictures in the handout.
 - Then look around the space where you are meeting.

Optional Follow-up Ideas

Make a stronger magnifying glass

- Print on heavier paper – cardstock
- If the office has a laminator, cut the inside circle out first, before laminating.

Tip for cutting out the inside circle

- Bend the paper across the middle of the circle. Stop bending before making a crease.
- Make a small V-shaped cut across the bend.
- Flatten the paper, poke the scissors into the hole, and cut out the inside circle.

Books to read and share from the online library, Unite for Literacy:

[*I See a Circle*](#)

[*Veo un círculo*](#)

How Many Wheels?

¿Cuántas ruedas tiene?

I Spy on the Road

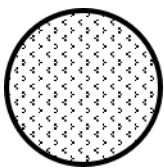

Veo, veo en el camino

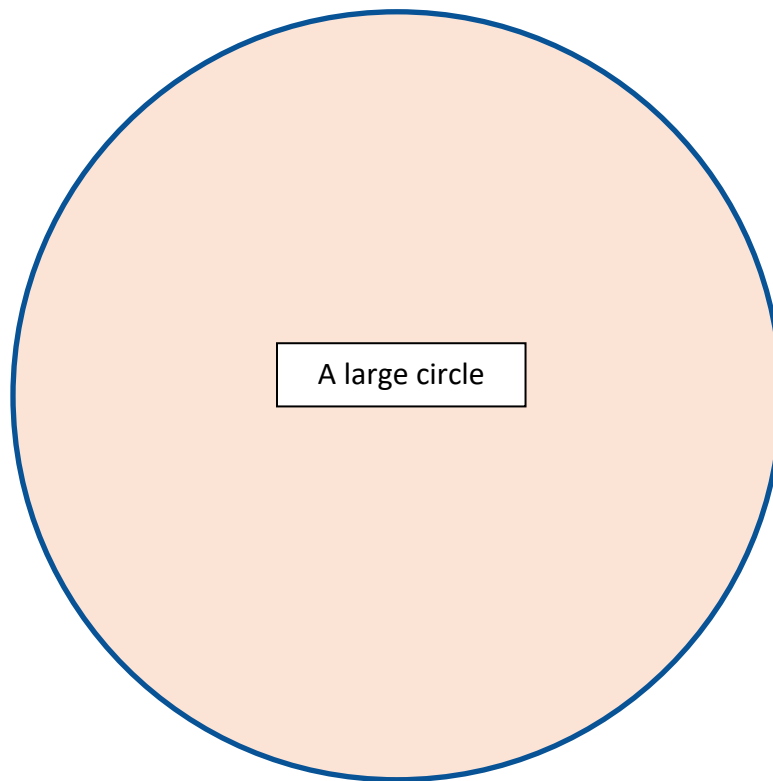

Acknowledgements

- NYS-MEP created the template, but the **idea** for turning geometric shapes into magnifying glasses to play the “I Spy” game, came from <http://munchkinsandmoms.com/spy-shape-hunt/>
- Images used from Microsoft Stock Images and photos taken by NYS-MEP staff.
