

# My Circle Book

## Grab and Go Directions

### Supplies

- Marker, pencil, crayons
- My Circle Book handouts (Attached below in English and Spanish)
- Scissors
- Glue or glue stick
- Stapler

## Suggestions

### Page 1:

- Touch the circle and ask the student: “What color crayon do you want to use to color the circle?”
- *(Student colors the circle.)*
- Read page 1: “The Circle Book by...”
- Point to the blank line and say: “We need your name here. Write your name.”
  - **Note:** The student’s attempt at writing their own name is an important part of the learning process. You can plan a different lesson to focus on how they write their name if needed. **Note:** *If the student has not attempted their name before, volunteer to write their name for them.*
- Read the title and author again, with the child’s name.

### Page 2:

- Read the sentence: “The (what?) looks like a circle.”
  - Say: “We have to pick something that looks like a circle. Let’s look at the pictures in the handout.”
    - “Which picture do you want to use?”
    - *(Student and/or Educator cuts out the picture selected and glues to page 2.)*
- Read the sentence again, filling in the blank: “The \_\_\_\_\_ looks like a circle.”
- Ask the student to read it with you.

**FYI:** You and the student can draw a picture instead of using one of the pictures provided.

**NOTE: YOU CAN STOP HERE AND STAPPLE THE TWO PAGES TOGETHER FOR THE BOOK.**  
**Or you can continue to make more pages for this book.**

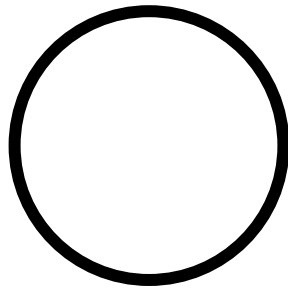

### ***Put the pages together to make a book.***

- Fold the handout page(s) in half and cut into two book pages.
- Put the halves together and connect with two or three staples on the left-hand side.
- **Read together, again, from page 1.**

**Optional Follow-Up Idea:** Make another book about different objects that look like circles.

**Acknowledgements:** Microsoft Stock Images and photos taken by NYS-MEP staff have been used in the handouts.
