When a District with our Students Administers easyCBM

If a school within a METS region has eligible PFS students in grades 3-8 **and** administers the easyCBM PRF and Proficient Math assessments, **the METS can use the school's easyCBM results instead of having its METS Educators administer** the easyCBM PRF or Prof Math **for that school**.

The METS will continue to administer the easyCBM PRF and/or Prof Math with students in the rest of their schools.

Data Collection Process

- The METS will communicate with the school to request the assessment data from the school.
- The METS will give the assessment data to Odilia.
- Odilia will enter the information into Web App.

Assessment Data to Collect

Fall Results

- Passage Reading Fluency (PRF) : Date administered, Student's Score, and Percentile
- Proficient Math (Prof Mth): Date administered, Student's Score and Percentile

English Learners

For **Level 3** MEP students identified as English Learners (ELs), please refer to the last available data point, in order of importance, from the (1) *New York State English as a Second Language Achievement Test* (NYSESLAT), the (2) *New York State Identification Test for English Language Learners* (NYSITELL), or (3) equivalent assessment(s).

To determine the pre-test administration options available for such **Level 3** MEP students identified as English Learners (ELs), please use the chart below based on the students' levels and scores on NYSESLAT, NYSITELL, or equivalent assessment(s), in that order of importance.

NYSESLAT, NYSITELL, or equivalent assessment levels	Pre-test (Fall or Winter Benchmark)	Post-test (Spring Benchmark)
Entering / Beginning	You are encouraged, but not required, to administer the easyCBM ELA or Math pre-test for those Level 3 MEP students identified as "Entering/ Beginning," Emergent/ Low-Intermediate," or "Transitioning/ Intermediate." If the pre-test is NOT administered, please enter a "zero" (0) in the easyCBM database as the student's score on the ELA and/or Math Assessment(s) for the Fall or Winter Benchmark. - If, based on other data points, you know which focus area (ELA or Math) will be targeted for instruction, you can administer the pre-test in that one focus area only.	<i>In the Spring:</i> <i>You are required to administer the easyCBM ELA or MATH post-test</i> with the Level 3 students who - Have a pretest score and - Have already received or are anticipated to receive 10+ hours of instruction before the end of the easyCBM Spring Benchmark testing window. Only post-test in the target focus area where instruction has been provided.
Emergent / Low- Intermediate		
Transitioning / Intermediate

Students with Disabilities

For **Level 3 MEP students in Grades 3-8**, identified as receiving special education services from the school district.

Pre-test (Fall or Winter Benchmark):

- If the student is determined to be a **Level 3** student, you are required to administer the easyCBM ELA or Math pre-test.
 - **Please note** that this student is entitled to all testing accommodations in accordance with his or her Individualized Education Plan (IEP) or 504 Plan.
- If you have one or more alternative data points (e.g., recent report card results in ELA or Math) and know which focus area— ELA or Math — will be targeted for instruction, **you can administer the pre-test in that one focus area only.** The easyCBM Fall Benchmark testing window has been extended to allow additional time for identifying PFS students (Level 3 students).

Post-test (Spring Benchmark):

In the Spring: Post-test the **Level 3** students who

1. Have a pretest score **and**
 2. Have already received **or** are anticipated to receive 10+ hours of instruction.
- **Only post-test in the target focus area** where instruction has been provided.
 - **Please note** that this student is entitled to all testing accommodations in accordance with his or her Individualized Education Plan (IEP) or 504 Plan.
